

SABARISH G

Junior Mern Stack Developer

+91 9361209066 | sabarish5763@gmail.com | [Tirupur, TamilNadu](#) | [Portfolio](#)

ABOUT ME

Aspiring Software Developer pursuing an MCA with a strong foundation in MERN stack development. Passionate about building responsive and user-friendly web applications. Quick learner with strong problem-solving and teamwork skills, eager to start a career in software development.

SKILLS

- HTML
- CSS
- MongoDB
- VS Code
- Node.js
- React.js
- JavaScript
- Bootstrap
- GitHub
- Postman
- Express.js
- Tailwind CSS

PROJECT

1. Portfoliowebsite

[LiveDemo](#)

[Github](#)

- I build fast and friendly web apps using the MERN stack. I enjoy turning ideas into smooth online experiences with clean code and simple design.
- I create full-stack websites using MongoDB, Express, React, and Node. I like solving problems and making apps that feel easy to use.

2. Jayan Homemade Cakes

[LiveDemo](#)

[Github](#)

- Designed an interactive online cake ordering platform with customizable cake options and a responsive user interface.
- Implemented shopping cart functionality, secure user authentication, order tracking, and customer reviews.
- Integrated backend APIs to manage products, categories, and customer orders efficiently.
- **Technologies Used:** MongoDB, Express.js, React.js, Node.js, JavaScript, HTML, CSS, Tailwind CSS, JWT, REST API.

3. VCP GarlicWholesale

[LiveDemo](#)

[Github](#)

- Developed a hotel reservation system that allows customers to search room availability and book accommodations online.
- Automated room allocation, check-in/check-out processes, and booking status updates.
- Managed guest records, room details, and payment information using MongoDB.
- Created an administrator dashboard for handling reservations, room availability, and customer management.
- **Technologies Used:** MongoDB, Express.js, React.js, Node.js, JavaScript, HTML, CSS, Tailwind CSS, JWT, REST API.

4. Cabster

[LiveDemo](#)

[Github](#)

- Developed a responsive and user-friendly task management application using React.js, HTML, CSS, and Tailwind CSS.
- Built RESTful APIs with Node.js and Express.js for task and user management, integrating MongoDB for efficient data storage.
- Implemented JWT-based user authentication with secure login and registration functionality.
- Developed features including task creation, editing, deletion, priority levels, due dates, status tracking, and personalized dashboards for efficient task management.

EDUCATION

- **BSC(Information Technology)** - KPR College Of Arts Science And Research Coimbatore. |2022-2025
- **MCA (Master of Computer Application)** - Nandha Engineering College, Erode | 2025-2027.

INTERNSHIP

Full Stack MERN Development - Hazhtech Solutions

- Completed comprehensive training in MongoDB, Express.js, React.js, and Node.js.
- Built full-stack web applications with RESTful APIs, JWT authentication, and MongoDB database integration.
- Gained hands-on experience with Git, GitHub, responsive web design, and deployment.
